Dear Parents and Carers of Pupils in Year 1

Supporting Transition into Year 2

In order to support the children's transition into Year 2, we intend to change the way children enter their classrooms first thing in the morning. We would please ask that you now escort your child to the double doors opposite the Year 2 entrance and say your morning 'goodbyes' at this point. We hope this will encourage the children to become more independent with their morning school routine.

There will be familiar adults from the Year 1 team there to greet the children and yourselves. They will also be happy to pass on any necessary messages to your child's class teacher.

Collection arrangements via the back door of your child's classroom at the end of the day will remain the same.

Thank you for your continued support.

Yours sincerely

L Millum
