Dear Parents & Carers of Pupils in Year 6

'Make Do & Mend'

In our Art Unit this term, after the SATs, we will be continuing our work on WW2 and in particular 'Make Do & Mend'.

The children will be practising sewing techniques and looking at how people adapt their clothes today. In order to do this, however, the child will need an item of clothing that they can improve by adding buttons, decorations, pockets, embroidery or different sleeves.

In the current economic climate we are encouraging the children to think of recycling and improving rather than throwing and buying new things. If you could provide your child with an old item of clothing that is no longer needed (it doesn't have to necessarily be the child's), we would be very grateful.

Also if you have any buttons, lace, ribbon, sequins, patches or pockets etc this would be an added bonus!

Yours sincerely

J Dare R Rogers
