Dear Parents & Carers

## **Key Stage 1 Reading Scheme**

We are pleased to inform you that in the New Year Key Stage 1 will be introducing a new reading scheme which will include a wider variety of books to suit the many different interests of the children.

During this final week of term, the teachers will be collecting the children's current reading books for assessment in preparation for January. As this is a brand new scheme your child may move to a different reading band.

The children will be given their new reading books after the Christmas holidays but we do hope they will take some time to read at home during the festive break!

Many thanks for your continued support.

Yours sincerely

*S Porter*
