Dear Parents & Carers of Girls in Year 6

Puberty Talk

As part of our focus on transition and changes this term, I will be giving a puberty talk to the Year 6 girls on Friday 16th June.

This will involve a Powerpoint presentation focusing on how the body changes and the twenty-eight day menstruation cycle, including the various sanitary items available. The girls will be given the opportunity to ask any questions.

If you do not wish your child to take part in this discussion, please contact the School office.

Yours sincerely

S Harkins
