Dear Parents & Carers of Pupils in Key Stage 1

MATHS WORKSHOP

Mrs Hollingsworth and I would like to thank so many Parents & Carers for attending the recent workshop.

We have been delighted to receive such positive feedback from you and it is reassuring to know you will now feel more confident in supporting your child at home with maths.

As a result of the workshop, some Parents and Carers highlighted the need to be able to access at home similar resources to those available in the classroom. This week your child will be bringing home a 100 Square and a Number Line similar to those used in School. If you were unable to attend the workshop, the techniques for using these tools can be accessed on the School's website via the following headings:

Many thanks again for your continued support.

Yours sincerely

G Clemo
