Oyster Bay Nursery & Oysters SRP (ASD)

Executive Headteacher: Ms DJ Hines

Head of School: Mr M Ashley-Jones

Monday 5th September 2016

Dear Parents and Carers of children in Oysters SRP

Alterations to our School site

I do hope that you have all enjoyed the summer holiday and made the most of the lovely weather.

As I welcome back the children to School tomorrow, I would like you to tell the children that the front entrance of the School looks very different to that of the last day of last term as the major works have been undertaken. Inside Oysters, classrooms have been polished and are ready to welcome the children back into their wonderful learning environments.

Due to unforeseen circumstances the car park is not finished as first planned; this is due to delays in relocating services. As a result of this we have had to divert pathways around the school site to ensure safety of our whole community. The taxis/cars will still be able to park on the School playground as usual, but the drive to the playground will be very different – trees have been removed and fencing put in place to separate the car parking spaces and pathways adjacent to the school building.

I thought you would like to prepare the children for the changes and, as ever, our School Staff will answer the questions that they may have when they arrive at School.

I will post updates on our School website in regard to the progress of the School's building project and contact you directly should any further adaptations be made that have a direct impact on your child.

Thank you for your continued support and understanding as we continue to improve our School for the benefit of all of our children.

Yours sincerely

Debra Hines

Executive Headteacher
